IRISET requested all the Zonal Railways to ensure that the Officer trainees & Supervisor Trainees carry medical certificate issued by Railway Doctor and negative RT-PCR test report for COVID-19 conducted 72-96 hours prior to joining at IRISET when they join on-campus courses at IRISET, to avoid sick people from attending training courses, vide reference quoted above. Of late, it is noted that some of the trainees are arriving at IRISET without negative RT-PCR test report. In few cases, the trainees are confirmed positive for COVID-19 after the receipt of RT-PCR test report subsequently during their stay at IRISET. Such situation poses difficulties in identifying the close contacts and isolating them.

*Hence, it is requested to kindly advise all the trainees (Officers & Supervisors) to undergo necessary medical tests and submit the medical certificate issued by the doctor as well as negative RT-PCR test report for COVID-19 at the time of reporting at IRISET. In case, the RT-PCR test report is not received by them, the trainees should not be allowed to leave to their respective places to travel to IRISET. The trainees may be retained at their respective places till the receipt of negative RT-PCR test result. IRISET would be allowing trainees joining on-campus courses a couple of days late on this account. The trainees who are tested positive for COVID-19 may be nominated to the subsequent batches to be commenced at later point of time.*

It is requested to kindly sensitize the Training Managers, Controlling officers and nodal SSEs (Mentors) of App. JEs & SSEs accordingly.
