12<sup>th</sup> May, 2021

## PCSTEs of all Zonal Railways

Sub : Completion of residual one week Refresher Courses of Supervisors  
Ref : Railway Board's letter No. 2013/Sig/IRISET/Trg dated 17.06.2020

As approved by Railway Board vide the reference quoted above, IRISET conducted 3 weeks online Refresher courses (Part I) to Signal & Telecom Supervisors and provisional Refresher certificate was issued for around 1,237 Signal Supervisors and 734 Telecom Supervisors in the year 2020. The residual one-week on-campus courses (Part II) consisting of practical laboratory sessions and examinations were scheduled in the Training Calendar-2021 from June 2021 onwards. In view of the prevailing scenario of pandemic in the country, the restrictions in force in several states and the limitations imposed by Government in running the Training Institute to its full capacity, the following modalities are approved by Director General, for completing the residual one-week Refresher Courses, as a one-time special measure, for the supervisors who have completed 3-weeks online Refresher courses conducted from April, 2020 to December, 2020.

**Practical Laboratory exposure:** Divisional Units of Zonal Railways will provide the required practical exposure on the equipment or systems available with them. IRISET has arranged online interactive sessions from 24.05.2021 to 18.06.2021 for clearance of doubts on laboratory exposure for Telecom and Signal supervisors as indicated in Annexure A and B respectively. The reading material for the laboratory sessions can be accessed from IRISET website <https://iriset.railnet.gov.in> under Learning Resources. IRISET will also make available the prerecorded explanatory videos on laboratory sessions on the website in due course of time.

**Subjective Examination:** Training Managers of Zonal Railways are required to nominate nodal officers, one for each division, for conducting examination for supervisors of their respective Divisions. The supervisors of Zonal Head Quarters and Extra Divisional units need to be covered by the concerned home Division. IRISET would make available the question papers an hour before the scheduled commencement of examination to the Nodal officers by electronic means to take required number of prints. The answer sheets initialed by supervising authority would be sent by the Nodal officers through registered post in sealed cover to IRISET for evaluation and declaration of results. The examinations would be held in the 4th week of June 2021. The dates would be notified later.

All concerned may kindly be advised on the modalities above for necessary action.

(C. Neelakanta Reddy)  
Senior Professor (Training)
